For more Information call (850) 526-2510

Please Send This Form to:

Florida CERT Association, Inc.
4428 Lafayette Street Suite 209
Marianna, FL 32446

PDF Fill-in Forms Instructions

Overview Fill-in forms use the features provided with Acrobat 4.0 products. Currently, there is no computation, validation or verification of the information you enter and you are still responsible for entering all required information (instructions may require some information to be handwritten on the form).

Software Requirements

To view, complete and print fill-in forms you'll need the freely available Acrobat 4.0 Reader (or later) software installed on your computer. Important Note: Acrobat Reader does not allow you to save your completed forms to disk. (The ability to save completed forms is available commercially with the Adobe Acrobat 3.0 (or later) product suite.)

Completing the Form

- Select the hand tool  from the Acrobat toolbar menu. You can use the hand tool to move the page around so that you can view all the areas on it.
- Position the hand pointer inside a form field and click. The "I-beam" pointer allows you to type text. The arrow pointer allows you to select a field, a check box, a radio button, or an item from a list.
- Press Tab to accept the field change and go to the next field.
- Multi-line fields require you to press Enter (or Return) to progress to the next line. When you've completed the field, press Tab to proceed to the next field.
- To Go Back to the previous field, press Shift + Tab to accept the current field change and go to the previous field.
- Some check box fields require you to click on the box or press Enter to produce a check mark. (Not all check boxes are formatted like this, some require just a typed "X")

Printing the Form

- Use your mouse to select an area of the form that is not inside a form field, before printing your form. If a form field is active (contains the blinking bar) the contents will not print.
- If the fill-in form is displayed within your web browsers' window be sure to use the printer button  on the Acrobat toolbar menu to print the form instead of your web browsers print function.
- Reminder: The Acrobat Reader does not allow you to save your filled-in form to disk. Your only permanent record of the filled in form will be your printout. Therefore, do not close the program until you are sure the printout is acceptable and you've printed all the copies you'll need.
